

- **Microelectronics controlsystem, Portable explosion-proof lamp**
- **Charging hole on the tail, brightness adustment, Rechargeable**
- **light source :15w BULB high power**
- **Button Function: 4 mode white light**
- **(Full bright-30% bright- 8 HZ flahsing-sos-OFF)**
- **Surface treatment: wearproof anodized oxide**
- **Crust material: Aluminum Alloy**
- **waterproof led searchlight**
- **Range upto 1 Kilometre**
- **Battery Backup-5-6 Hours**

Contact For Price - 8795559559, 9336155733

YK 222 MS

LED - 10 Watt

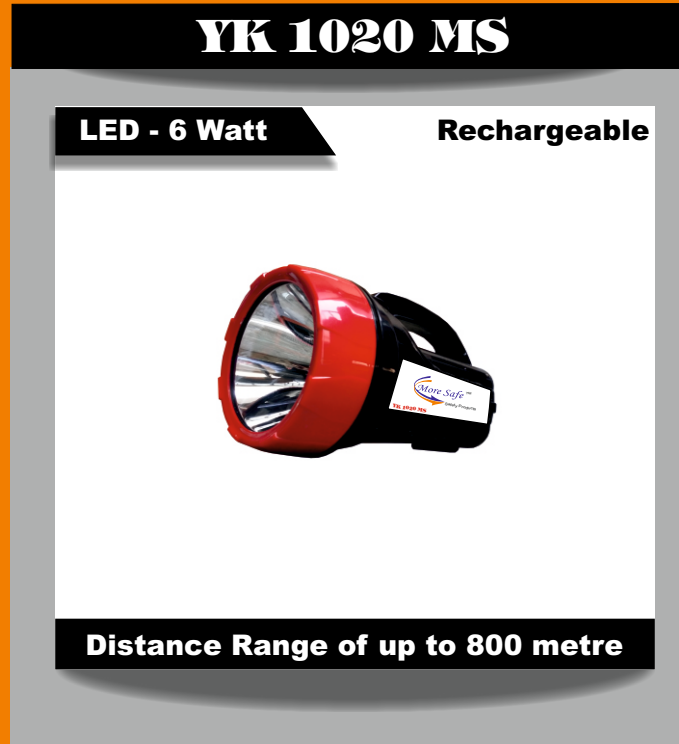

Rechargeable

Distance Range of up to 800 metre

- **Operating Temperature -10 To +55 Degree C**
- **Charging hole on the tail, brightness adjustment, Rechargeable**
- **Light source :10w BULB high power**
- **Button Function: 4 mode white light**
- **Input AC Charging : AC 220 V 50 Hz .**
- **Surface treatment: wearproof anodized oxide**
- **Operating Time : Up To 5-8 Hrs**
- **Waterproof led searchlight**
- **Range upto 800 metre**
- **Battery Recharge Time :12 Hrs**
